

The Division of Disability and Rehabilitative Services (DDRS) has made a commitment to transparency and public input in the policy development process. As a result, all new policies and policy updates will be posted online for public review and comment. The public comment period will last 10 business days from the date of posting, after which all policies will be removed from the page, reviewed based on the public input, finalized and posted onto the [DDRS policy page](#).

The following policies will be posted on Thursday February 24, 2011 and will be available for review until Friday March 11, 2011:

- Advance Directives
- Mortality Review
- Risk Management
- Transition Activities
- Pre-Post Transition Monitoring
- Health Care Coordination

“Health Care Coordination” was previously posted as a current DDRS policy, but due to the number of questions we have received in this area, it was decided to remove this policy and allow for public input.

If you have any questions please contact Shane Spotts ([Shane.Spotts@FSSA.IN.gov](mailto:Shane.Spotts@FSSA.IN.gov)).

Policies for Public Comment are [available here](#).
